FREEDOM

I Volunteer — Shirley Orazine

Years ago I was at a point in my life where I needed a purpose. Our grandson had gotten into trouble and there was nothing I could do to help him. After many sleepless nights and being irritable with family I decided to volunteer at **Ladies Living Free**. For about three years I spent one day a week answering the phone, filing, cutting hair, taking clients to doctor's appointments, and just visiting with these women.

A few years ago when my husband retired I persuaded him to teach a class at the men's facility. Since that time he and I have become more involved with **Paducah Lifeline Ministry** and have grown to love them. It is a blessing to be a small part of their recovery as well as seeing many of them reunited with their families. God is truly at work here. ●

OUR MISSION

to provide men and women with Christ centered solutions to drug and alcohol addiction. We are committed to helping individuals become spiritually alive, mentally sound and physically well through faith and obedience to Jesus Christ.

Our Program... Paducah Lifeline Ministries, Inc. is a 9-month Christ centered recovery program for men and women. Our program has been developed to address the whole person: Spiritual, Mental/Emotional, and Physical.

The program is divided into 3 phases, each lasting three months. **Phase 1** is residential including lifestyle changes, structure and studies. Assisting our clients in preparation and the seeking of employment as well as transitioning to the community are covered in **Phase 2**. The content of **Phase 3** in the program is the application of tools in a nonresidential setting while maintaining accountability and connection to the program. Completion of all 3 phases are required for graduation.

To be considered for acceptance into **Paducah Lifeline Ministries** program an application must be submitted for consideration as well as completion of an admission interview. Applications may be obtained at paducahlifelineministries.com or through ministry offices.

Spiritually

Alcohol and drug addiction are symptoms of deeply rooted problems and conflicts within the individual. Learning who you are in Christ gives the ability to face and overcome these problems and gives the ability to live a responsible productive life.

Mentally/Emotionally

Biblical study and applications to everyday living encourages mental growth and healing. Clients learn to work through anger and emotional issues with family and peers and apply what they learn in the classroom to their everyday lives.

Physically

We care for their physical needs by providing a safe, drug-free environment, food and recreation in order to promote healing, recovery and provide a foundation for healthy living.

Paducah Lifeline Ministries Changed Our Life... Eric and Ashley Miller

I lost my mother on Christmas morning at the age of 12. My father was an alcoholic that physically abused me when he was drinking. That caused me to have a lot of anger. I never had that feeling of acceptance so I turned to the streets to get it. I ran the streets fighting and getting in trouble with my brothers in Detroit Michigan until my grandmother took custody of us and moved us to Kentucky. I carried the anger to KY with me and it wasn't long I started numbing the anger with drugs. I met a young lady that would become my wife 3 years later. I would be in and out of jail during the next 12 years of our marriage. My wife got court ordered into Ladies Living Free in 2013 and I noticed a peace and a joy about her I had never seen before and I wanted it. I had tried getting sober on my own and I couldn't do it. I was filled with guilt and shame and was completely giving up on life. I had tried ending my life on a couple different occasions but God had a plan for me then and I just was too blind to see it. I agreed to enter Lifeline after I seen the change in my wife. I was in and out of the hospital on 3 occasions due to the seriousness of my withdrawals.

This program has shown me acceptance, love, and a God that has a plan for me and my family. I am able to be the husband and father my wife and kids deserve. We have a better life now than ever before. I honestly believe that God has given me a heart to help men. God has opened so many doors of opportunity for me and my family, one being the Director of Lifeline and now I get the amazing privilege of giving the gift that was given to me. This program means the world to me and my family. — **Eric Miller**

My life was one of loss and brokenness. Regret and shame was my identity. I was raised with parents who abused prescription medication and our life was centered around their addiction. I was introduced to the bad before I ever knew there was any good. At 16 I met a young man that would later on become my husband (Eric Miller). Our relationship was built on a foundation of drugs. I never knew a different way. He had a 3 year old son, and 4 years later we would have our daughter. Over the next 12 years our lives would spiral out of control. Be in and out of jail, treatment centers, and our marriage, same reason each time, drugs. In 2013 I got court ordered into Ladies Living Free, and people loved me without really knowing me, I couldn't understand it

but I wanted it. I saw there was a better way and started to believe He could forgive me too.

I have learned to put on the full armor of God and through Him I am an overcomer! We are products of our past but we do not have to be prisoner's of it! God planted that seed with me and within 3 months Eric entered Lifeline. My marriage that was deeply damaged has been restored. My family is back together and whole. I can honestly say when I laid my old life down, is when God gave me a new life and it's a life worth living. Through our walk both kids have been saved. I will never know how our life would have turned out if this program wasn't there to help a sinner like me but I thank God I'll never have to find out! I get a front row seat at watching God work miracles on a daily basis being able to serve as an Office Administrator at Lifeline — **Ashley Miller**
